

Audiology

AQP Adult Hearing Service

InHealth are an accredited provider of Adult Hearing AQP and will be delivering this adult hearing service in your local area.

InHealth Audiology Service

- InHealth Audiology Staff have either a BSc in Audiology Science, BAA Part I & II or are registered with the HPC. In addition a majority of staff are registered with the RCCP and undergo competency assessment prior to managing their own clinics
- InHealth conducts internal and external audits on 10% of all cases seen on a monthly basis, as well as statistical analysis of all patient pathways on a quarterly basis
- InHealth adheres to BSA and BAA protocols and recommended procedures for all of its Audiological testing, and uses the same patient management software as the majority of the NHS so that data can be easily transferred if requested
- InHealth uses the Siemens Impact range of hearing aids for all its NHS patients supplemented by aids from Phonak, Oticon and other leading brands of hearing aid manufacturers for those patients who have complex and special needs

Patient benefits of the AQP Adult Audiology provided by InHealth

- A full end to end service consisting of booking, hearing assessment, hearing aid fitting and maintenance
- Patients' appointments can be booked directly using Choose & Book
- Patient receives an appointment letter, clear directions and map to the appointment location
- Patient receives an information leaflet on their hearing test to prepare them for the appointment
- All staff are highly trained audiologists who follow a Continued Professional Development Programme
- Patients are looked after for several years after the initial appointment, so that their hearing aids can be adjusted, repaired and refitted if necessary
- Range of hearing aids are available to suit the patients social and clinical needs
